My Family Genogram Project

In developing my genogram, I had the opportunity to talk to many individuals in my family that I have not talked to before. As a result, I heard many new stories about my family history. I also got a clearer picture of some of the traits that make us a family. Etc. etc.

Notice that as I continue this paper, there is no extra spacing between the paragraphs.

As you begin this page, notice that the title is not here any longer. Etc., etc.
