

## Where to Find the DOI for an Article

1. On the article itself.
2. Google the article.
3. Go to the Library web site
  - a. Under main menu go to articles and databases
  - b. Go to Academic Search Complete
  - c. Type in name of article
  - d. Look in abstract info
4. Go to journal home page and look up the issue that the article was in.  
If not here then use the address to the journal home page instead of DOI #
